+1 (970) 301-0493 | Irvine, CA | Local Onsite, Hybrid, or Remote

## Skills

Unreal	Maya	Visual Scripting	Communication
Unity	Illustrator	C# & C++	Creative Thinking
Hammer Editor	Photoshop	Agile & Scrum	Adaptability

## Professional Experience

Bend Studio | Level Designer (Remote Contract)

August 2022 – February 2025

Unannounced Game | Proprietary Engine

- Created both manmade and natural POIs using in engine tools and Maya
- Designed POIs to account for multiple enemy types and online multiplayer
- Utilized height and scale to allow player movement abilities to shine
- Collaborated closely with concept and art teams to align the blockmesh with the art direction
- Communicated across disciplines in a large AAA team
- Gained proficiency with an in-house engine
- Adapted quickly to project design or art changes
- Owned the layout designs of multiple POIs

## Other Projects

[Sunline](#), Team Size: 19

January 2022 – May 2022

Senior Capstone Project (Spring) | Level Designer | Unity 3D

- First Person Parkour Runner
- Adapted to work with the teams level design pipeline
- Refined the levels based on tester feedback

[Urban Market](#), Independent Project

January 2022 – May 2022

Call of Duty Inspired Level Blockout | Unreal 4

- FPS Deathmatch style map
- Created interactive elements with blueprints
- Iterated on the level based off feedback

[Hilltop Storage](#), Independent Project

September 2021 – December 2021

Team Fortress 2 Level Design Project | Hammer Editor

- King of the Hill style map
- Documented the level design process
- Designed for engaging fast paced gameplay
